LONG STORY SHORT

Hey there!

My name is Miguel and I'm from Sintra, a small beautiful village in Portugal. I am currently living in Utrecht and working in Amsterdam, and this one of the greatest adventures I'm experiencing so far.

When I was young, I would've loved become a videogame developer, but then I followed other passion I had at the time: Computers.

To be honest, I was not a big fan of networks, algorithms and programming, but motion and 2D/3D animation. Now I work as a motion graphics designer and sometimes as a web designer: a mix of both worlds. Weird, huh?!
